BODY FOUND

W. A. Gibbons the Drowned Porter of the Steamer Tacoma Discovered in River Yesterday.

The body of Anthony Gibbons, colored porter, drowned off the Tacoma Monday night while the steamer was making a landing at the wharf here, was recovered yesterday afternoon by P. H. King and Duke Rudy, who were tracing a trot line when the body rose to the surface not two hundred yards from the spot where it went down.

Two \$5 bills, a pocket knife, lead pencil and several other small articles were found on his person when recovered.

There was a scalp wound inflicted, no doubt when he jumped to the wharboat, bounced back and struck the guard of the boat with his head.

His wife has been telegraphed for. Coroner Dresel held an inquest this morning and rendered a verdict of accidental drowning in accordance with the evidence adduced.

Mrs. May V. Wilson has made a deed of gift of Haywood to Dr. Thomas E. Pickett, J. Foster Barbour, C. L. Sallee and A. M. J. Cochran, Trustees for the purpose of erecting and maintaining a hospital thereon.

If there is one thing this city needs it is an institution of the kind specified above, and now that this good and noble woman has paved the way, it is to be hoped there are others in the community who will loosen their purse strings and contribute of their wealth to this worthy object.

The donor has chosen wisely and well in selecting Trustees; each and all are held in high regard by their fellow citizens; none better could have been named, be they whom or where they come from.

JIM HARGIS promised the people that he would be good. Now he is going to start a newspaper.

COUNTING ON BRYAN's election to the Presidency is queerer than eating soup with a fork.—Austin Statesman.

If BECKHAM wins the United States Senatorship from Kentucky, on what grounds of greatness will he base his credentials to statesmanship? Has he accomplished anything out of the ordinary for his state or his country? No! It's simply a plain case of BECKHAM boosting BECKHAM 365 days in the year for the past seven years.

If you will but ask the people as you meet them from time to time, regardless of politics, how they think the state is going this fall in the state election, you will be surprised to find a whole lot of formerly rock-ribbed Democrats that say—

"It's Willson in a walk. No more Beck-ham-Hager-Haley ring for us."

Now, this hain't no joke.—Nicholas Advocate.

JIM HARGIS must have a gold mine, or a subway tip into "the Swift silver mine," from the way he has been shoveling out the coin. Besides enormous Court costs and lawyers' fees and paying Mrs. MAROUM \$8,000 in cash for helping to murder her husband, JAMES B. MAROUM, the Judge is about to start a newspaper. Yes, indeed, JEEMS must be a millionaire with money to burn.

We personally go to the Fountain Head of Art, New York City, and patiently inspect numerous instruments, making difficult and minute comparisons, testing voicings, dictating a change of case design here, an adjustment in the action there, etc., etc. In consequence of which our pianos are marvels of art, their tonal qualities superb and their case designs an education in wood art.

CALEB POWERS hasn't seen or heard anything of that square deal the Goebelites were going to hand out to him. Is it possible that POWERS can never hope for justice until retribution overtakes the remainder of his persecutors? The heavy hand of Fate has been laid upon the heads of a dozen lawyers, witnesses Special Judges and perjurers who have sought to encompass the conviction of POWERS, and the end is not yet.

GOVERNOR BECKHAM seems to be serenely easy about naming another "Special Judge" to tackle the Caleb Powers case. It looks like the Powers case is getting to be a millstone around the neck of Governor Crapps—or at least the people of Kentucky are now fully aware of the base uses to which Mr. BECKHAM has prostituted Justice to further his own personal and overweening ambition. But behold the hand writing upon the wall: "Mene, mene, tekel upharsin."

OFFICE SEEKING THE MAN.

Judge Taft's last story was of a Kentuckian who had voted each year the regular Republican ticket until finally a Republican Governor had been elected.

Then he went down from his mountain home to Frankfort to see if he could be of any further help to the party.

Finally his money gave out and he drove out of town. Asked where he was going he replied:

"I have heard a great deal of talk about the office seeking the man, but I have not seen any of it."

"If you see any office seeking the man, however, say that you saw Jim Scrubbs going down the Alexandria pike, and that he was going d—n slow."

BECKHAM MAY FAIL

In Landing the Senatorship—Democrats Disgruntled at Situation

Louisville Herald.

Friends and political adherents of Governor Beckham have awakened to a realization that his Senatorial ambitions are in danger of non-fulfillment through the situation in Louisville, which is so intense at present that its influence is felt throughout the entire state.

At the time Governor Beckham was nominated for the United States Senate, Kentucky Democracy practically was united, with the exception of the straggling contest made by McCreery, but the decision of the Court of Appeals and the subsequent political upheaval in Louisville have left it a tottering and feeble wreck.

It is now conceded by those well posted on the situation that many Beckham men throughout the state are wavering in their allegiance to their chief. These pro and con Beckham-ites are among those who have been nominated for the General Assembly, and they are giving the rank and file Democrats of the state unlimited uneasiness.

It is said that many of them have openly avowed their disapproval of the Louisville situation as brought about by the Governor, and the influence which they earnestly believe it will have on the State Ticket this fall. It is intimated that these have renounced their pledges to support the Governor in the Senatorial caucus at Frankfort.

In defense of their position these nominees for the State Legislature contend that there is no law which will hold them to any pledges made at a primary; therefore it is to be presumed that the disgruntled ones will take the bit in their teeth and indulge in sweet revenge when the time comes.

NOVEL THEFT

Henry County Farmer Has His Entire Tobacco Crop Stolen.

Doswell C. Pearce, one of Henry county's prosperous farmers, has been the victim of one of the most novel thefts ever recorded.

His entire crop of 1906 tobacco, about 5,500 pounds, which he had in a barn located about a quarter of a mile from his house, was stolen in some mysterious manner and the thieves left not a single trace.

The barn had not been visited in three weeks and there is no way to tell how or when the deed was done. The only roadway to or from the barn is through a gate at the house, unless a wire fence be cut, and this was not done.

No trace of wagon tracks has been located and Mr. Pearce and his near neighbors are greatly puzzled and perturbed over the matter, fearing further losses of the same sort.

If you want to keep "posted," read the advertisements in THE LEDGER. They are a part of Maysville's daily local history.

There were ten loads of Equity tobacco waiting to be received at the Wall street warehouse this morning.

Messrs. L. T. Anderson, L. H. Smoot and Wells Bros. of this county were among the prize winners on their stock shown last week at the Ripley Fair.

Mr. Harry L. Wells, son of Captain John E. Wells of Forest avenue will wed Miss Laurine Middleton at her home in Greenville, Miss., August 17th. Harry's many friends here extend greetings in advance of the happy event.

The article in yesterday's Courier-Journal is very pleasing to Dr. A. O. Taylor, as it practically sustains all the charges brought by Dr. Menefee and himself against the management and service of the Louisville City Hospital last August. Mayor Bingham having asked for Supt. Vogt's resignation and expressed the determination to appoint Dr. Jonett Menefee to the vacancy. The committee of three prominent physicians of Louisville, recently appointed by Mayor Bingham and who have been inspecting the hospital, in their report recommend practically all the changes proposed by these internes. It will be remembered that these men were compelled to resign their positions as resident physicians on account of those charges which are now completely sustained.

WORKS WONDERS
A Wonderful Compound—Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.

Dosun's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures piles after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasions without leaving a scar. It cures permanently. Maysville testimony proves it.

Mrs. Kate Poth, living at the corner of Clerk street and Forest avenue, Maysville, Ky., says:

"I gave a statement about Dosun's Ointment which was published in our Maysville papers. I said that I had received most decided benefit from the use of this remedy. For a long time I had an itching or eczema of the scalp. It broke out in spots and sometimes the spots would appear on my forehead and temples. The itching was particularly troublesome just before a rain, and was then so intense that I could not sleep at night. It required only a short use of Dosun's Ointment to cure the trouble, and the cure has been lasting for the past five years. There has never been even an indication of a recurrence. A friend also had eczema and tried everything for it but never found anything to remove the annoyance. On my recommendation she used Dosun's Ointment and was absolutely cured."

For sale by all dealers. Price 50 cents a box; Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Dosun's—and take no other.
